Betreff: Roundtable News - Symposium/ AGM postponed | New member
Priorität: Hoch

Dear Roundtable members,

We hope that all of you are healthy, and keeping the heads up.

Since we know that you probably all have other things in your minds and on the table at the moment, I just want to share two important pieces of information with you today:

New dates for Symposium and AGM 2020

- Due to the current situation and the impossibility to predict how things will proceed and develop, the Roundtable board decided unanimously to **postpone this years AGM and Symposium** to a later date:

The Symposium will take place on Monday, 28 September 2020. The Roundtable Annual General Meeting (AGM) will take place on Tuesday, 29 September 2020. Please save this new date.

The venue will stay the same: Noerd, Binzmühlestrasse 170A/D, 8050 Zurich/Oerlikon, Switzerland.

We hope that this date is suitable for most of you. We are optimistic to see you there in person, and will update you regarding the developments.

New Roundtable member

- In the name of the Roundtable board, I welcome the Institute for Tourism and Leisure of University of Applied Sciences of the Grisons (Graubünden) as new multiplier stakeholder-member in the Roundtable Human Rights in Tourism.

Please let us know if you have any issues or ideas how the Roundtable can currently best support its members.

All the best

Jara
