Dear Roundtable Members,

As announced before, I send you the following documents in preparation of the forthcoming Annual General Meeting (AGM) of the Roundtable Human Rights in Tourism e.V.:

- Activity and Financial Report 2018
 - The Vision-Mission of the Roundtable Human Rights in Tourism, to be decided on during the AGM.
- The document also shows impacts and benefits that every stakeholder group brings in and takes out from the RT – this was also developed by board members during the strategic meeting in October. Please think about topics that can be added for your stakeholder group. It will then be discussed during the AGM to develop a communication strategy.

Please also let me remind you to send your [member reports](#) until Monday, 24 June 2018, if not done yet (*for further instructions please look at my mail from 28 May 2019, please report until 18 June*).

I look forward to meeting you next week.

Best regards,
Jara
